

Year 6: Homophones

Practise learning some of these classroom examples of homophones that are often spelt incorrectly. **You do not need to learn all the spellings: this is NOT a spelling list.**

Put the **ones you find tricky** into sentences with the correct version. The versions of 'there' would be a good start, as these are often mixed up in independent writing.

mist/ missed

here/ hear *

right/ write

buy/ by

of/ off

sun/ son

wear/ where

sea/ see
