

Homework Task (20.05.2022)

Next week we are celebrating our Queen's Platinum Jubilee in our very own Jubilee Week!

We would like you to record in your homework book at least TEN FUN FACTS about the Queen and her long reign.

The websites below are brilliant for fun facts (especially the first link) and photographs of the Queen and her family. We have also attached a short comic about the Queen on this week's homework page.

You could create this as an information sheet using the computer if you wish. Please print out though ready to share with your teacher next week.

Here are some websites that we think will help:
