

At Blackhorse we have 4 key values; attitudes which underpin everything we do:

Respect - for ourselves, our family, our school, our community and our world.

Pride - in our achievements and those of others.

Bravery - sometimes learning is difficult but we are brave and enjoy the challenge.

Success - we are all capable of doing amazing things!

The following school Aims describe what we aim for every child to achieve:

1. be safe, healthy and make sensible choices;
2. have respect for themselves and others;
3. be confident, brave and inquisitive learners;
4. achieve high standards;
5. aspire to be their 'best self' and to go for it!
