

Mission Masters

6.2

Agenda for today's meeting:

- Junior Maths Team
-MM'S to offer maths support
- Children's Mental Health week-Finalise plans for tomorrow.
- E-safety Week-assembly
- AOB

Discussion points	
Children's Mental Health week-Finalise plans for tomorrow.	We finalised activities for tomorrow. Mia suggested signs for the doors so that children knew what activities were taking part in each room. Mia offered help in the yoga room and said she would make a sign for that door. Vinnie is keen to manage the penalty shoot. Laiken would also like to do this. Vinnie asked Josh and Owen to support him and Laiken with this job. They will bring goalie gloves in.
E-safety Week-assembly	We discussed E-Safety and why it is important. We looked at the theme, "Too good to be true? Keeping yourself and others safe from scams online." The Mission Masters discussed what they thought it meant. The Mission Masters worked in pairs to come up with some ideas to promote awareness in assembly. Mission Masters thought it would be good to do some 'role-play' and share facts. We wrote a script together and the Mission Masters practised this. We will meet again to run through tomorrow at 1pm.
Actions Red-me Green-Mission Masters	-Prep resources for extended playtime -Email e-safety assembly lines home -Make signs for doors-extended play -Run through lines for assembly at home
