

Mission Masters

25.4

Agenda for today's meeting:

- Junior Reading Team
- Values-peer praise
- Playpod Team
- A.O.B

Discussion points	4 Mission Masters were unable to attend today due to schools trips and swimming.
Junior Reading Team	The Mission Masters read with their linked classes. They discussed the book and listened to them read. We discussed having stickers so they could hand these out to the children. The Mission Masters then asked the children what each school value meant, they had the pictures of each character to prompt. Reception were asked the names of the characters.
Playpod Team	We discussed what the role of the playpod monitors would be. Mission Masters had been asked to look out for children they think would be good for the role. Each Mission Master shared the peers that they think will be suitable.
Values and peer praise	Mission Masters were asked to discuss how peers described our school values. We then discussed in more detail the background behind all the values. Together we came up with words that would help everyone to have a clear understanding of all of the values. We discussed having praise cards. These will allow children to praise a peer displaying one of the values.

Mission Masters
